

# Tim O'Brien, Rock In My Shoe

Like a rock in my shoe, under my toe  
I think about you, I can't let go  
It's dug in deep, it still peeks through  
Tried shakin' it out, it won't come loose  
Like a rock in my shoe

I've searched these rooms a hundred times  
For anything you left behind  
There's nothin' there that I could find  
So how come you're still on my mind

Like a rock in my shoe, under my toe  
I think about you, I can't let go  
It's dug in deep, it still peeks through  
Tried shakin' it out, it won't come loose  
Like a rock in my shoe

The irritation's always there  
A constant pain, it's just not fair  
I wish that you would call my bluff  
'Cause I been hurtin' long enough

Like a rock in my shoe, under my toe  
I think about you, I can't let go  
It's dug in deep, it still peeks through  
Tried shakin' it out, it won't come loose  
Like a rock in my shoe

Just when I think I might forget  
I realize I'm not there yet  
I know you're gone, you don't love me  
But that won't stop these memories

There's a rock in my shoe  
And with every step, I'll be feelin' you

Like a rock in my shoe, under my toe  
I think about you, I can't let go  
It's dug in deep, it still peeks through  
Tried shakin' it out, it won't come loose  
Like a rock in my shoe, under my toe, I think about you, I can't let go  
It's dug in deep, it still peeks through  
Tried shakin' it out, it won't come loose  
Like a rock in my shoe
