

# Times 3, Believe 'n peace ( Eurovision 199 )

Take it, use it, make me, prove it  
However it might sound, I'm still the one  
Who sticks around when you're shut down to the ground  
Out on the run

Take me as I am, I'm here for you, I'm everywhere  
I'm sure you know I'm hanging there for you to hold  
I believe in love - it's for everyone  
I believe in peace - it's for you to keep  
I believe in... believe in... it's right here  
I believe in fun - not the only one  
I believe in me - this is what you see  
I believe in... believe in... it's right here

Take it, use it, make me, prove it  
Time will pass and die, unlike me  
I'm here to try and make you smile and realize  
I'm not shy

Take me as I am, I'm here for you, I'm everywhere  
I'm sure you know I'm hanging there for you to hold  
I believe in love - it's for everyone  
I believe in peace - it's for you to keep  
I believe in... believe in... it's right here  
I believe in fun - not the only one  
I believe in me - this is what you see  
I believe in... believe in... it's right here  
I believe in love - it's for everyone  
I believe in peace - it's for you to keep  
I believe in... believe in... it's right here  
I believe in fun - not the only one  
I believe in me - this is what you see  
I believe in... believe in... it's right here  
I believe in love, believe in love, it's right here
