

Timesbold, Bone Song

if you can catch a star
throw it in the stream
and ride it to the end
when you reach the end
throw it in a hole
and jump into the stream
there you'll find a girl
put her in your hair
and crawl into the hole
there you'll find a bone
put it in her hair
and leave her there alone
and while she is alone
if she can find a star
and throw it in the stream
and ride it to the end
you'll be waiting there
to take the bone from her hair
and throw it in the stream
and ride it to the end
again and again
