

# Timo Tolkki's Avalon, Jerusalem Is Falling (Ft. Fa

High on the hill in the city of holy  
Neon knights fighting the end is near  
Taking the city by storm thy are screaming  
Great signs from heaven there is only greed

Losing Eden all you heathens  
Fighting for the freedom

Jerusalem  
Is falling down  
You all are gonna drown  
You fall upon the crown  
Of the chosen one

Nation against a nation it's true  
Saved from the terror the ultimate false  
Earthquakes and famine, the final destruction  
Fall of the mankind and now it's too late
