

# Timo Tolkki, The End

SAANA:

Sitting on the rock I'm staring at the lake  
Thought a hundred times could this be a mistake?  
Cannot take this anymore so I'm closing my door  
I'm ready to go home

All my life I've felt completely alone  
Walked this lonely road my pain is all I've known  
It is in the tears I've cried it is in the hope that died for me so long ago

And as the hour grows near  
I'm not feeling any fear  
I will leave this cruel world  
Farewell farewell goodbye
