

# Tina Arena, Turn Up The Beat

Every dreamer needs a dream  
Sometimes I just wanna scream  
Everybody needs a shock

We are dreamers and we know  
Got to let your spirit go  
Everybody needs to rock

Chorus:  
Turn up the beat  
Turn up the beat, lets make some noise  
Get on your feet, you got no choice  
You've got the power in your hand  
Turn up the beat  
Turn up the beat, lets have some fun  
Come on and dance now everyone

We're gonna generate some heat  
Turn up the beat

They can't make the music stop  
They can't stop us when we're hot  
Raise your hands and celebrate

Turn the music up and loud  
We are young and we are proud  
And this feeling just can't wait

Chorus

Turn it up x4

Chorus (til fade)
