

# Tina Arena, Wouldn't Change A Thing

We got together  
And then we fell apart  
We had to move on  
And make a brand new start

(Time went on) You started missing me  
(Realise) You could be kissing me  
(Now you're here) Here to stay  
I wouldn't have it any other way

Oh ...  
I wouldn't change a thing  
Oh ...  
I wouldn't change a thing  
No ...

Sometimes a breakup  
Can really bring you down (oh so down)  
But then it's better  
The second time around

(You and I) We just belong together  
(Can't deny) But baby we could never  
(Be apart) For very long  
Cause what we got is just too strong

Oh ...  
I wouldn't change a thing  
Oh ...  
I wouldn't change a thing  
No ...  
Oh ...

After you put your whole heart and soul in it baby  
Sometimes you still got to lose your love to the end  
We begin, we begin, we begin again  
Baby, baby, we begin again

Oh ...  
I wouldn't change a thing  
I wouldn't change a thing  
Oh ...  
Baby, I wouldn't, I wouldn't  
I wouldn't change a thing  
Oh ...  
Oh ...
