

# Tina Cousins, Breathless

Close my eyes as the melody  
Lifts me up on angel's wings  
Love has cast it's spell on me  
I wanna feel everything  
Hurry up this heart is waitin'  
To take me far away from here  
Pushin' on anticipatin'  
Fear of fallin' just disappears

Baby can't you see that you're the air I need  
I'm breathless  
Cos there's a deeper me that no one else has seen  
I'm breathless

Close my eyes as a lovers kiss  
Wakes the fellin's deep within'  
Barely touchin' fingertips  
I'm ready now for anything

Baby can't you see that you're the air I need  
I'm breathless  
Cos there's a deeper me that no one else has seen  
I'm breathless

As the colours bleed  
It's getting hard to breathe
