

Tina Cousins, Forever

(chorus)

Just hold me now, just hold me now
Say you'll stay forever
Say the day will never come
Just hold me now, just hold me now
Stay this way forever, oh
'Cos we've only just begun

Tell me why do lovers have to leave?
I know it happens all the time
And it's so sad 'cos this time it's you and me
I know I'm losing you but I just can't believe it,
baby

(Chorus)

Tell me why do feelings have to change?
What happened to the love I knew?
Feel it fading a little more each day
And so I'm losing you but I can't take the truth,
no baby

(repeat chorus)

'cos we've only just begun

(repeat first verse)

(repeat chorus)

Tell me why do lovers have to leave?
