Tina Turner, I Can See For Miles

[Originally by The Who]

I know you've deceived me, now here's a surprise I know that you have 'cause there's magic in my eyes

I can see for miles and miles and miles and miles Oh yeah

If you think that I don't know about the little tricks you've played And never see you when deliberately you put things in my way

Well, here's a poke at you You're gonna choke on it too You're gonna lose that smile Beacuse all the while

I can see for miles and miles I can see for miles and miles I can see for miles and miles and miles and miles Oh yeah

You took advantage of my trust in you when I was so far away I saw you holding lots of other guys and now you've got the nerve to say

That you still want me Well, that's as may be But you gotta stand trial Because all the while

I can see for miles and miles I can see for miles and miles I can see for miles and miles and miles and miles Oh yeah

I know you've deceived me, now here's a surprise I know that you have 'cause there's magic in my eyes

I can see for miles and miles and miles and miles Oh yeah

The Eiffel Tower and the Taj Mahal are mine to see on clear days You thought that I would need a crystal ball to see right through the haze

Well, here's a poke at you You're gonna choke on it too You're gonna lose that smile Beacuse all the while

I can see for miles and miles I can see for miles and miles I can see for miles and miles and miles and miles And miles and miles and miles

I can see for miles and miles I can see for miles and miles I can see for miles and miles I can see for miles and miles
