## Tina Turner, It Takes Two

One can have a dream baby
Two can make a dream so real
One can talk about living love
Two can see how it really feels
One can wish upon a star
Two can make a wish come true
One can stand alone in the dark
Two can make the light shine through

It takes two baby It takes two baby Just me and you You know it takes two

One can have a broken heart Living in misery Two can really ease the pain That's a perfect remedy One can be alone in a bar Like an island here all alone Two can make just any place Seem just like being at home

It takes two baby It takes two baby Just me and you You know it takes two

One can go out to the movies Looking for a special treat Two can make that scene in the movies Something really kind of neat One can take a walk in the moonlight Thinking that it's really nice But two lovers walking hand in hand Is like adding just a pinch of spice
