

# Tina Turner, The Difference Between Us

(N. Holand, C. Celli & A. Levan)

If you really love me don't try to change me  
If you look in the mirror, it's not me you see  
I don't want what's yours as mine  
No I'll never cross that line  
I want you just the way you are  
Boy you're everything I'm not  
And that's all I've ever wanted

If we ever come close  
If we ever discover  
How to hold on and keep our faith in each other  
The difference between us will keep us together

I tell you my love is everlasting  
If you promise to give your best every moment  
No, you don't have to compromise  
Try to live each other's life  
We can be ourselves tonight

If we ever come close  
If we ever discover  
How to hold on and keep our faith in each other  
The difference between us will keep us together

If we open our eyes  
Don't look any further  
Cos we found all we'll ever need in each other  
The difference between us will keep us together

So don't look at the words I've said  
There's nothing that I might regret  
No don't play games inside your head

Keep us, keep us  
What's going on inside your head  
Keep us, keep us  
Keep us together
