

Tinashe, Die A Little Bit (feat. Ms Banks)

sometime I can't
but I've been told
I need to breathe
this life ain't something
for someone like you and me
we just get caught up in the things
that we don't need

plenty time wasted
what are we waiting for,?
searching for something in someones without a soul
running in circles cuz I suck at letting go
starting to feel like there's no chance of breaking through
plenty time wasted
what are we waiting for,?

drink, smoke, dance, vibe a little bit
fuck, change, ride, die a little bit
drink, smoke, dance, vibe a little bit
fuck, change, ride, die a little bit

who like it

who got the bom it takes what I like
who got /2x
the smoke I like to get by
I need enough to last the whole time

I need enough to last thw whole time
to last the whole night /2x

I wrote the, rock your body
in that Givenchy, Uncle baali
step up in the dance
these niggas aren't me

I want that white, that Bacardi
cuz it's been a long night
you've been uptight

finna get right
wanna let go, party till the sunlight
want a big bad bitch, don't frostbite

I came, I saw, needed the encore
I do the dash, pedal to the floor
I am a hustler and a tougher

I been by my shit, I barely get bored
money coolin' and ou know I am a ghoul
pua a whle, front rows
gimme gimme some more

damn , do you want more
you do
who like to, /5x
who like to party

drink, smoke, dance, vibe a little bit
fuck, change, ride, die a little bit
drink, smoke, dance, vibe a little bit
fuck, change, ride, die a little bit

who like it
