

Tinashe, Naturally

I been wondering why we do, I'm at the highest of highs
Can I have you back, maybe just for the night?
Baby, I can see the ecstasy when you with me, I know
Ain't no time for jealousy, but I can see don't get you like I do
Oh, oh

Your body knows me, baby (Knows me, baby)
Knows me, baby
Just let me show you, baby
You know it comes naturally
Your body knows me, baby (Knows me, baby)
Knows me, baby
The shit that drives you crazy
You know it comes naturally

When, now and then, I think about all the nights that we spent
Don't pretend, way too close to just act like a friend
Baby, I believe we're meant to be, you see, you do, I know
Right, if it was up to me, then I believe I'll make you comfortable
Oh, oh

Your body knows me, baby (Knows me, baby)
Knows me, baby
Just let me show you, baby
You know it comes naturally
Your body knows me, baby (Knows me, baby)
Knows me, baby
The shit that drives you crazy
You know it comes naturally

Oh, ah, ah
Ah, ah, oh, ah, ah, ah (You know it comes naturally)
Oh, ah, ah
Ah, ah, oh, ah, ah, ah (You know it comes naturally)

Plain to see, fiery night, I can keep you and I, oh
Perfectly magnetized, gravity, yeah, we can't escape the feeling
When it's these nights, lonely, don't even think twice
I know you're coming back to me, anywhere, overseas, or in my dreams
It's like

Your body knows me, baby (Baby; Knows me, baby)
Knows me, baby
Just let me show you, baby
You know it comes naturally (Naturally)
Your body knows me, baby (Oh, oh, oh)
Knows me, baby
The shit that drives you crazy
You know it comes naturally

You know it comes naturally
You know it comes naturally
