I'm sophisticated  
Super classy

Gemt me bouncing on

You've got me riding in that  
Riding on that  
Grinding up in this bitch  
Banana all in the split  
I bet them girls cant's do you like this  
So, I heard you're out here looking at me  
And I wann know if it's true  
If you've been looking for love  
Then I've been looking for you

I want you  
I want you to be my babe  
Settle down  
We'll settle down then give you a baby  
Put it down  
Boy, put it down and make me ast all crazy  
I might let you change me  
Boy, I can arrenge it

They'll never love you babe  
Like I love you, babe  
Baby, say you'll never take my love away  
They'll never love you babe  
Like I love you, babe  
Baby, say you'll never take my love away  
Baby, say you promise you'll never change
