

# Tinashe, Sweet Satisfaction

You're just what I've been needing in my life  
You're just what I've been needing in my life  
Because no one can love me like you can...

It's getting so late and if you want it don't keep me  
Waiting

Cuz I'm falling for you boy in a hurry  
There's something 'bout the way you move  
And when I think there aint no one who deserve me,  
You do, You do  
'Cuz you love me with a fire and a passion  
I think I'm falling hard for you too  
So please touch me give me sweet satisfaction
