

# Tindersticks, Say Goodbye To The City

Let's take a ride, say goodbye to the city  
I've been here so long - I can't see it anymore  
I've been here so long - I can't feel it anymore

So get in the car, babe - you know that it's alright  
Get in the car, babe - we're gonna see ourselves tonight

When we're on the outside - it feels so hard  
There's never an easy way - there's nothing in this world  
When we were on the outside we had something going on,  
Something beautiful, something that they can't spoil

But I don't see you now, I don't see you anymore  
I can't see you now, I can't see you anymore  
I can't see you now, I can't see you anymore  
I can't see you now, I walk through you and out the door

I can't see you now, I can't see you anymore  
I can't see you now, I can't see you anymore  
I can't see you now, I can't see you anymore  
I can't see you now, I can't see you anymore

I don't feel it anymore  
I don't know how it's doing anymore  
I walk through it now  
I slip through it now  
Can you see me now? Say  
I don't know how it's doing anymore Oh, I can't see you now  
I walk through it now Take all the corners off me  
I slip through it now Stop to call me dizzy  
I can't see you now Say  
I don't know how it's doing anymore Oh, I can't see you now  
I walk through you now Take all the corners off me  
I slip through it now Stop to call me dizzy  
I can't see you anymore
