

Tinman Jones, Father Like You

A father will do what he said he'll do
He sent love through His Son and then He died for you
A father will do what he said he'll do
He sent love through His Son and then He died

When I am small You're all I see
You catch my fall and fill my need
I'm all that you have given me
The son was sent to be

I will believe in a father like you
You are in me and I am in you
A father will do what he said he'll do
He sent love through His Son and then He died

When I am small You're all I see
You catch my fall and fill my need
I'm all that you have given me
The son was sent to be

I will believe in a father like you
You are in me and I am in you
I will believe in a father like you
You are in me and I am in you

Hallelujah...

You shed angelic coterie
And put away divinity
Your love for my eternity
A father's love for me

A father will do what he said he'll do
He sent love through His Son and then He died for you
All judgement to the Son is due
One heart, one mind, on soul renewed
