

Tito & Tarantula, Dead Person

Dead!
Died in a plane crash
Hit by a truck smashed
You fell off the mountain
Maybe
U died in your sleep, baby
I don't think u remember
When u were alive
Alive
Alive
Alive
I'm not hanging around to find out
Pizzas in the fridge beer is all out
Good bye dead person
Arrivaderci
Lost in your shadow all by yourself
Painted your blue world with nobody's help
Walked in the darkness in the middle of the day
Hey
'Cause you're dead!
Died in a plane crash
Hit by a truck smashed
You fell off the mountain
Maybe
U died in your sleep, baby
I don't think u remember
When u were alive
Alive
Alive
Alive
If you find it difficult to be yourself
Then go ahead and be someone else
Just don't do it around me
'Cause you're dead!
Died in a plane crash
Hit by a truck smashed
You fell off the mountain
Maybe
U died in your sleep, baby
I don't think u remember
When u were alive
Alive
Alive
Alive
(I'm not dead!)
