Kid 'n play & tlc

(the version of the song that tlc appears in is on the movie only.

The song "make noize" is on the house party 3 soundtrack, but tlc does not appear on it

The duo's back in effect  
On the house party set  
Catchin' wreck on the mic check  
Before we tear it up I turn and  
Give my partner a high-five  
"cause it's time to get live so

Chorus:

When I say make some  
You say "noize"  
Make some  
Noize  
Make some  
Noize

Chorus

Well it's the kid from kid 'n play  
Now that's a rap group  
I'm not that suit but I'm livin' phat troop  
You lookin' that cute the girl in the cat suit  
In my back coop rhymin' over another phat loop  
Oops feelin' good pop the tape in the tape deck  
And I'm catch wreck  
Then cash a fat check  
Jet what the heck grab the mic for a mic check  
Right before your eyes equalize with the goose neck  
Who's next who's gonna flex with the hype  
Rhyme as big as my type  
I'm flowin' like a pipeline  
Goin' for the mic sign  
Gonna have a fine time  
Name up in here like d I'm goin' prime time  
Trynna score a touchdown  
Trynna make a slam dunk  
Breakin' off a fat chunk  
'cause this track is mad funk  
Niggas tried to say I never gave back  
Get ready for the payback  
This is a house party plat

Chorus

Chorus

P to the l-a-y in the place to be  
What's the matter brother didn't you hear me  
See I'm the man that you heard about  
The fly dark-skinned brother that the girlies spread the word about  
And then you wonder why I get sex more  
You get vexed more 'cause I'm the boy next door  
And with a smile and a grin and then I go up in  
And then an hour later I'm at it again  
Friend and then I'm ready to go but you don't hear me though  
And I'm about to throw just like rainbow  
I keep an even flow watch as I do the show  
And i'ma flip it and kick it like jeter so  
Don't try to say that I can't when I can pull

Watch me trample this hip-hop sample  
The choice is yours right  
You can either catch a cap or get slapped  
Or seen in court jack

Chorus

Chorus

Knock knock you gotta let me in  
"cause I know you got alligator skin underneath of your chin  
And I only must pick a rough neck nigger  
Check 'em in the set just to see who's bigger  
The left never ever did expect to pull it when i  
Say it's time to get it up I know he can't show it  
And if you make a mistake he'll never give in  
Stupid motherf\*\*ker

Well if my hat is 2 da back then you can sorta say it's crooked  
As a look that only nookie gives a rough neck rookie  
Jump the hump a rump bump the back hit the front  
Take a dump in the stump roll a big fat blunt  
And if he's quick to hand it to you don't grab it  
He only really want it if he know he can't have it  
Chase a rough neck bet you'll say dag nabbit  
Mr. butter willie never did catch that dag nab wabbit
