

TLC, Never Be The Same Again

Mel c & left eye
(appears on mel c's album "northern star")

Oooh yea yea
I'll never be the same again

I call you up whenever things go wrong
You're always there you are my shoulder to cry on
I can't believe it took me quite so long
To take the forbidden step
Is this something that I might regret

Come on come on
Nothing ventured nothing gained
You are the one
The lonely heart that can't be tamed
Come on come on
I'm hoping that you feel the same
This is something that I can't forget

Chorus:
I thought that we would just be friends
Things will never be the same again
It's just the beginning it's not the end
Things will never be the same again
It's not a secret anymore
Now we've opened up the door
Starting to knight him from the one
We'll never, never be the same again
Never be the same again

Now I know that we were close before
I'm glad I realized I need you so much more
And that I don't care what everyone will say
It's about you and me and we'll never be the same again

Chorus

Uh check it
Night and day

Like beach sand to red clay
The us to uk
Nyc to la
From sidewalks to highways
See it'll never be the same
What I'm sayin'
My mindframe never changed
'til you came and rearranged
But sometimes it seems
Completely forbidden
To discover those feelings
That we kept so well hidden
When there's no competition
And you render my condition though improbable
It's not impossible
For a love that can be unstoppable to work
Are fine lines between fate and destiny
Do you believe in the things that were just meant to be
When you tell me the stories of your quest for me
Picturesque is the picture you paint effortlessly
And as our energies mix and begin to multiply
Everyday situations they start to simplify

So things will never be the same between you and i
We intertwine our life wishes and now we unify

Chorus

Come on come on
Things will never be the same again
You are the one
Never be the same again
It's not a secret anymore
We'll never be the same again
It's not a secret anymore
Never be the same again
Never be the same again
Oh oh yea
Never be the same again
Never be the same again
Uh huh
Never be the same again
