

TLC, Wanna Take Me Back

T-boz

(appears on the upcoming "backstage...a hard knock life" compilation)

Oh oh oh oh oh oh
Wanna take me back
Oh oh oh oh oh oh

I know I can't find in myself to love again
And if I take my time my time
I know this pain will end
This is the last time I get hurt
Again again again again
I'll just take it slow it slow
And I'm sure my heart will mend

Chorus:
Wanna take me back
But forget that you had a chance
But not again because I wanna win
Wanna take me back
But forget that you had a chance
But not again because I wanna win

No more in and out
Those ups and downs with you my friend
I'll take it like the man I had
But I must do it to him

Don't think you can keep running back
Again again again again
You want me back so bad
And it's a day of shame and you

Chorus

Chorus

Oh oh oh oh oh oh oh oh
Wanna take me back
Oh oh oh oh oh oh

Used to be just you and me
Now you see we used to be
Had a chance to be my man
Gonna win yeah that's my plan
Oh oh oh oh oh oh oh oh

Chorus
