

# Toad The Wet Sprocket, Biquit2

Four times he came by  
I did not look  
Talked about the reservoir  
His thumbs were hooked  
On his carpenter's belt  
As he squinted in the sun  
Smiled wide many times  
Think I smiled back once

Chorus:  
And it's frightening,  
Ooh, I didn't expect that from you  
It's blinding  
Serious are you seriously  
I am feeling really stupid now

Last time  
On the fly  
Work had all been done

Sanding down the ceiling  
So it ends up in the rug  
We were waiting in the bathroom  
'til he finished up  
One short "hi" and no goodbye  
She says she knew him once

Chorus  
Stupid now (2x)

And it's frightening,  
Ooh, I didn't expect that from you  
It's blinding  
Can't see a thing  
I see I see  
And I am feeling really stupid  
I am really feeling stupid now  
I am feeling really stupid now
