

Toad The Wet Sprocket, Biquit2

Four times he came by
I did not look
Talked about the reservoir
His thumbs were hooked
On his carpenter's belt
As he squinted in the sun
Smiled wide many times
Think I smiled back once

Chorus:
And it's frightening,
Ooh, I didn't expect that from you
It's blinding
Serious are you seriously
I am feeling really stupid now

Last time
On the fly
Work had all been done

Sanding down the ceiling
So it ends up in the rug
We were waiting in the bathroom
'til he finished up
One short "hi" and no goodbye
She says she knew him once

Chorus
Stupid now (2x)

And it's frightening,
Ooh, I didn't expect that from you
It's blinding
Can't see a thing
I see I see
And I am feeling really stupid
I am really feeling stupid now
I am feeling really stupid now
