

Toadies, I Am A Man Of Stone

I saw you hanging on the arm of some other guy
Like a drummer who's been banging steady beat in 4/4 time

Now you're flicking at your cigarette
Batting eyes and pouting lips
Giving him the loving I need

But I can tell those eyes
Have an emptiness behind them
You don't look so happy to me

You're so lost, you're so alone
And I'm standing here, I am a man of stone, oh

You said baby don't change and I did not change
You said give me all your lovin' and I did every day, yeah

Now you're tattooed on my skin
And my chest is caving in
From the weight of the pain you bring

Now you got me branded
Broken but still standing
Watching you wreck everything, oh

You're so lost, you're so cold
And I'm standing here, I am a man of stone

My feet are stuck to the ground, my love has bound me here
I am a statue now, I gave you my last tear
Someday you'll wake up and you'll think of me and you'll know
I am a man, a man of stone

You're so lost, you're so alone
And I'm standing here, I am a man of stone
