

Toadies, No Deliverance

Followed my love from coast to coast,
Chased by demons, chasing ghosts.
And when I wound up facing the sea,
Heard the waves crashing, laughing at me.
I waded into that icy black.
I saw there was no, no coming back.
NO DELIVERANCE (3X)

Ducked my head under, started to drift.
Let the tide take me and down I went.
I saw great wonders shunned from above,
I saw blind monsters twisting in love.
NO DELIVERANCE (7X)

NO DELIVERANCE (4X)

And then I saw her, bathed in light.
A host of angels knelt at her side.
She said "you have forsaken all you believe,
Crossed earth and oceans to be with me.
I'll be your lover, I'll be your wrack,
And now you're never coming back."
NO DELIVERANCE (8X)
