

# Toby Keith, Big Blue Note

See that big blue note over there on the counter  
You Don't want to read that thing man, it's a real getcha downer  
But don't you dare say nothin else bad about her  
She's gone

No,no,no,no don-don't throw it away  
'Cause tonight I might need it  
It gets real lonely around here at night sometimes, and I have to reread it  
Besides you can show it to the boys downtown, and they won't believe that,  
She's gone

## [CHORUS]

There used to be a time I was all she ever wanted  
All the man that she'll ever need  
I come home to find just like that she's up and vanished  
And the only thing she left behind for me

Is this big blue note folded up in my pocket  
Yeah don't laugh, it's been two months I still got it

Sometimes I have to read the sucker twice  
Just to make sure I ain't forgot that  
She's gone

You know my psychiatrist said, "Tell me what do you see  
When you look at these inkspots of reds and yellows and green?"  
You know, I looked at them all, but all they looked to me like  
Big blue notes

## [CHORUS]

There used to be a time I was all she ever wanted  
All the man that she'll ever need  
I come home to find just like that she's up and vanished  
And the only thing thats left to do for me

Is stand high on this cliff overlooking the sea  
With my big blue note paper airplane that I just set free  
And I'm gonna wait here a few more minutes, and if it don't come back to me  
You guessed it  
She's gone

Crash landin  
Bye, bye, baby
