

Toby Keith, Does That Blue Moon Ever Shine On

Day by day, we let love just walk away
And I'll be the first to say, I was glad to see it go
And day by day, ever since you went away
I'm finding I'm still missing you, and I just got to know
Does that blue moon ever shine on you
I wanna hold you close to me, feel just like it used to be
And baby, if you feel like I do
You can come to me
Does that blue moon ever shine on you
On my mind, you were right there all the time
I could search and never find someone that does me like you do
Here's the part where I'm giving you my heart
I was a fool to let you go girl I just got to know
Does that blue moon ever shine on you
I wanna hold you close to me, feel just like it used to be
And baby, if you feel like I do
You can come to me
Does that blue moon ever shine on you
Night after night, I look to the stars
Wondering where you might be
And I've thought to myself, is that very same moon
Shining on you like it's shining on me
Does that blue moon ever shine on you
I wanna hold you close to me, feel just like it used to be
And baby, if you feel like I do
You can come to me
Does that blue moon ever shine on you
