Toby Keith, Getcha Some

Well boy meets girl and it's a good bet Girl's gonna play a little hard to get But they both got the same thing on their mind Ain't that the way that the world goes round Don't it get you up get you down It gets you walking around with a flashlight trying to find Love

Oooh gotta getcha some gotta getcha some gotta getcha some Oooh gotta getcha some love

Then boy sees girl with another guy
What he wouldn't give just to catch her eye 'cause man
She is so hot
But you can't compete with a superstar
He's got a big old house and little red car
And what need is the one thing you ain't got money

Oooh gotta getcha some gotta getcha some gotta getcha some Oooh gotta getcha some money Oooh gotta getcha some gotta getcha some Oooh gotta getcha some yeah

Then god smiles down from up above
The money rolls in and they fall in love
From the outside looking in it's a dream come true
But as time goes by something turns up missing
There's not enough hugging and not enough kissing
Before to long they better do what they gotta do you know

Oooh gotta getcha some gotta getcha some gotta getcha some Oooh gotta getcha some babies Oooh gotta getcha some gotta getcha some Oooh gotta getcha some yeah

You know curtain climbers, and rugrats, and tricycle motors It don't matter what you call 'em you gotta have a whole house full of 'em Ain't nothing in the world like youngins getcha some
