

Toby Keith, He Ain't Worth Missing

He's flying high tonight
He's got a brand new lover
Here you come a-runnin'
You're looking for some cover
I know you're sad and lonely
I know you're feeling blue
You miss him so much
Won't let me get to close to you

Oh he ain't worth missin'
Oh we should be kissin'
Stop all this foolish wishin'
He ain't worth missin'
I know your head is turnin'
I know your heart is burnin'
Girl you gotta listen
Don't you know he ain't worth missin'

You know I'm here to save you
But you ain't through cryin' yet
Look at your pretty face
All red and soakin' wet
I'm gonna try and make him
Just a memory
Come on baby let's get started
First thing you got to see

Oh he ain't worth missin'
Oh we should be kissin'
Stop all this foolish wishin'
He ain't worth missin'
I know your head is turnin'
I know your heart is burnin'
Girl you gotta listen
Don't you know he ain't worth missin'

If you need someone to hold you
Someone to ease your pain
Well I'll be holding steady
Girl when you get ready
I'm gonna show you
Love is a good thing
Yeah love is a good thing

Oh he ain't worth missin'
Oh we should be kissin'
Stop all that foolish wishin'
Ooh the boy ain't worth missin'
I know your head is turnin'
I know your heart is burnin'
Girl you gotta listen
Don't you know he ain't worth missin'

Oh he ain't worth missin'
Oh we should be kissin'
Stop all that foolish wishin'
He ain't worth missin'
I know your head is turnin'
I know your heart is burnin'
Girl you gotta listen
