

# Toby Keith, Some Kinda Good Kinda (Hold On Me)

She's got some kinda good kinda hold on me  
She's some kinda fine sho-nuff sweet  
Wrapped up in her love is I wanna be  
She's got some kinda good kinda hold on me

I can't get enough of my baby's huggin' and kissin'  
I never knew a girl who could do what she's doing to me  
With just one touch she cast a spell  
I'm tangled up, I can't help myself

She's got some kinda good kinda hold on me  
She's some kinda fine sho-nuff sweet  
Wrapped up in her love is I wanna be  
She's got some kinda good kinda hold on me

The boys call me up and want to tell me  
About the fun I've been missing  
They want to know why I let her keep me under  
Lock and key  
But I got what they're looking for  
When she gets me behind close doors

She's got some kinda good kinda hold on me  
She's some kinda fine sho-nuff sweet  
Wrapped up in her love is I wanna be  
She's got some kinda good kinda hold on me

She's got some kinda good kinda hold on me  
She's some kinda fine sho-nuff sweet  
Wrapped up in her love is I wanna be  
She's got some kinda good kinda hold on me
