Toby Keith, You Didn't Have As Much To Lose

I can't believe it's come to this Two broken hearts, one goodbye kiss Is this all that's left of me and you You seem to take it all in stride While I'm crumbling inside Letting go is hard for me to do But if all my love is easy to refuse Then I guess you just don't have as much to lose 'Cause I'm losing everything that ever meant anything How can all of our yesterdays mean nothing to you If all my love's so easy to refuse Then I guess you just don't have as much to lose If all my love's so easy to refuse Then I guess you just don't have as much to lose I can't believe it's come to this Two broken hearts, one goodbye kiss
