

# Tobymac, Fresher Than A Night At The W

Yo, its me, TobyMac and I dont meanto trouble you  
Im feelin fresher than a night at the W  
You probably sayin you be hearin quite enough of you  
With God and your rhymes and that freaky Jesus stuff you do  
Like always pushin for that racial diversity  
Leave us alone were at home in our fantasies  
I know a guy who knows a guy who has brown skin  
What in his wallet it so happens Im around him  
Well never be that shinin city on a hill yall  
Until we show and prove to the people what is real yall  
Its like were stale dirty water in the tub of life  
Gimme a fire that inspires all the world tonight
