

# Tobymac, Hey Now

Hey now, I feel a new one comin' on so that you can sing along with it  
Right now and I'm gonna dedicate this song to everyone of God's children  
Hey now, one love, one God out of many his people  
Right now it's been a long time comin' but I'm serving up the sequel

Back from the day, I'm the sleeper done slumbering  
Pass me the mic and I might stop mumbling  
Crumble like a cracker, I'll fall like a leaf  
But the hole in my soul's been filled underneath  
So whether you're a loser or a winner by the numbers  
Everyone knows a tie goes to the runner  
So lace up your shox, get yourself in this race  
Cause this little thing here gonna set a new pace

Sometimes we do it like this, sometimes we do it like that  
Sometimes we say it with words so you can see where we at  
And on a different level I persist to reach a girl or any fella  
I believe we receive a little then we all do better  
Hey now, help is coming anyday now  
Hope it can reach me when I am way down  
One love, one God and I'm ok now  
Ten years, TOBYMAC and GRITS stay down

What you think of this here, gotta get with this here  
Diverse City, are you gonna get it this year?  
What you think of this here, gotta get with this here  
Diverse City and we'll run it till He gets here

Get your back up off the wall  
Live a little, come on  
Get your back up off the wall  
Everybody come on

One love, one God, I feel a new one comin' on so that you can sing along with it  
One love, one God, and I'm gonna dedicate this song to everyone of God's children  
One love, one God, one love, one God out of many his people  
One love, one God, it's been a long time comin' but I'm serving up the sequel  
One love, one God
