

# Tocotronic, Tomorrow Will Be Like Today

I like you very  
You like me more very  
Nothing could be less likely  
Than for us to hide from anyone  
How much we like how we've become

Cause it's not good to be alone  
For instance here in the youth home  
For instance at the fast food stand  
An empty bottle in your hand

I like you very  
You like me more very  
Nothing could be less likely  
Than for us to keep it to ourselves  
That we go together well

Cause it's not good to be alone  
For instance in the nursing home  
For instance at the fast food stand  
An empty bottle in your hand

For instance in the discotheque  
Where no one goes now anyway  
For instance in the games arcade  
On another holiday

Tomorrow will be like today (4x)
