

Today Is The Day, Black Dahlia

I want to taste naked fixation oh
I am so hell bent I should kill her
I should wound her I'll wax tha'
Bitch, who I'm talking to who I'm
Sleeping with who I'm smokin with
I was afraid to unlock the door
Like a velvet tear like a moonlit
Sky I cant find it in my home I
Cant find it in my heart you told
Me don't worry love,
Black Dahlia
