

# Today Is The Day, Color Of Psychic Power

I see right through  
You can't trick me No way Reach so high  
But too low  
To give Speak the truth  
Without fear  
This is the way of power This is my vow  
To live forever  
I cannot fail  
Time is the devil  
And only love can heal this pain  
No God above Is this insane  
F\*\*k the world Tear it down  
With me I can't make you see what you  
need to see It's inside Listen to me I will  
not fail This is my color Pain rules this  
world Unknown
