

# Today Is The Day, False Reality

I won't desert you  
I am your friend  
This is forever  
There is no end  
Can you help me Please help me My  
heart is sacred  
My mind is true This time I mean it  
I need you I know what hurts you  
What makes you sad  
I can't destroy it I feel so bad  
I feel naked Ripped and torn  
Sold for money  
Unborn
