

# Today Is The Day, In The Eyes Of God

Told you why Told you not to try  
Don't you lie I am the enemy  
I gave you what you want You  
live to piss on me I'm not afraid of you  
Show your face my friend  
All of the people are dying  
No one's getting better  
Your life is a lie A messiah  
will come My life is a lie Eclipse of  
the sun Are you standin' Live  
Black magic
