

Todd Rundgren, Black And White

Stick to your guns
Diamonds are a girl's best friend
Nobody knows the trouble this poor boy's seen
People will believe anything
Man on the run
Always gets it in the end
Nobody cares 'cause nobody shares his dream
People don't believe anything
Everything is changed
Everything is still the same
It's just a part of the game
Blood on the moon
Patterns running across the floor
A musical inside a movie inside a dream
Guess you can believe anything
Everything is changed
Everything is still the same
It's all a part of the game
Mama, Papa, boys, and girls
Holding hands around the world
Wrong is wrong and right is right
Nothing changes overnight
I'll believe it when I see it in black and white
Tell me the truth
Nobody leaves here alive
In the black core of doubt
