

Tokio Hotel, Covered in Gold

I like you simple, I like the way you walk
You like me simple, without walk the way I talk
You're making me high, I didn't know I was meant to love
After the lights down, asking for out of love
Fall in love, fall in love, fall in love, fall in love
Out of love, and nothing's gonna heal it
Fall in love, fall in love, fall in love, fall in love

But I can't let you go, put your heart on repeat
Remember love, remember me
And I can't let you go, put your heart on repeat
Remember us, remember me

'Cause we're in and out of love,
It's a part of us
I could let it out, just secret promises
You took me apart, yeah, like a shattered glass
Our love is ghost but I'm COVERED IN GOLD, gold, gold
Now I'm COVERED IN GOLD, gold, gold
COVERED IN GOLD

It's not easy, signing me up from the ??? past
Am I gonna be healed, when I rep about the history
When you forgot us, ??? loving me
Fall in love, fall in love, fall in love, fall in love
Out of love, and nothing's gonna heal it
Fall in love, fall in love, fall in love, fall in love

But I can't let you go, put your heart on repeat
Remember love, remember me
And I can't let you go, put your heart on repeat
Remember us, remember me

'Cause we're in and out of love,
It's a part of us
I could let it out, just secret promises
You took me apart, yeah, like a shattered glass
Our love is ghost but I'm COVERED IN GOLD, gold, gold
Now I'm COVERED IN GOLD, gold, gold
COVERED IN GOLD

'Cause we're loving, loving, loving up, hey
'Cause we're loving, loving, loving up, hey
'Cause we're loving, loving, loving up, hey
'Cause we're loving, loving, loving up, hey

'Cause we're in and out of love,
It's a part of us
I could let it out, just secret promises
You took me apart, yeah, like a shattered glass
Our love is ghost but I'm COVERED IN GOLD, gold, gold
Now I'm COVERED IN GOLD, gold, gold
COVERED IN GOLD

But I can't let you go, put your heart on repeat
Remember love, remember me
And I can't let you go, put your heart on repeat
Remember us, remember me

'Cause we're in and out of love,
It's a part of us
I could let it out, just secret promises
You took me apart, yeah, like a shattered glass
Our love is ghost but I'm COVERED IN GOLD, gold, gold

Now I'm COVERED IN GOLD, gold, gold
COVERED IN GOLD
