There's no rock and roll in the desert,
There's no singing, there's no dancing.
There's no heat between lovers on a summer night.
Young love (Young love)
Doesn't everyone deserve to be young and in love?
Young love (Young love)
Doesn't everyone deserve to be young and in love?
There's no rock and roll in the desert,
There's no singing, there's no dancing.
There's no heat between lovers on a summer night.
Amputations (Amputations)
Coming home from our fathers wars.
Amputations (Amputations)
Coming home to mother from our fathers wars.

What kind of future are you promising us?

Just another generation
Just another generation living under threat of the bomb.
God save us all.
