

Tom Gabel, Random Hearts

Give me all the hate you feel,
Binge and Purge,
All that we cannot change we're going to destroy,
Breathe in the CFCs, We're in this together,
Random Hearts that beat for each other,
Random Hearts in a cruel, cruel world.
Random Hearts that beat for each other,
Random Hearts in a cruel, cruel world.

[x2]

I don't care what you hear,
I know the way it sounds to me,
Broken fingers form broken chords,
The effort is indelible,
The frequency does not decay,
We're in this together,
Random Hearts that beat for each other,
Random Hearts in a cruel, cruel world.
Random Hearts that beat for each other,
Random Hearts in a cruel, cruel world.

[x2]

The only war you'll ever know
is what you see in the movies,
Suburban TV babies,
We share the same accent,
American disillusion,
We're in this together,
Random Hearts that beat for each other,
Random Hearts in a cruel, cruel world,
Random Hearts that beat for each other,
Random Hearts in a cruel, cruel world,

[x4]

Such a cruel, cruel world.
Such a cruel, cruel world.
