

Tom Helsen, Slowly

Get up! and still you rest assure,
Don't care, I've heard this line before
Don't mind if you just step aside
Just do it now
Slowly

I believe in this, believe in ordinary sideburns, baby
I believe in the first and then you holler
We're on to something
I believe in this, believe in ordinary sideburns, baby
Well not anymore and than you holler

Please do be careful when you fall
And I will tell you anything at all
Don't mind if you just step aside
Just do it now
Slowly

Chorus

And I won't go any faster
And you don't agree
I won't go any faster
And don't pin this down on me
And don't pin this down on me

Chorus

Not anymore and than you
