

Tom Jones, Stoned In Love

If you could see me here this way
Looking backwards from today
Would you do it all again...?
If I could roll it back to you
Just like lovers always do

I am stoned in love but not with you
Good luck
Because we are not feeling stoned in love
It is how I am feeling now
I feel the love is made of stone
We are not feeling stoned in love
Good luck
It's when I feel stoned in love
It's how I am feeling now
I feel the love is made of stone
Wait and feel the stoned in love

Quick and watch the past away
But we go upset with blames
I do it all again... as if I care
Is this the way you to meant to be
Stoned in love but not with me
Oooooooooo...

You are stoned in love but not with me...
Good luck...
Because we are not feeling stoned in love
It is how I am feeling now
I feel the love is made of stone
We are not feeling stoned in love
Good luck
It's when I feel stoned in love
It's how I am feeling now
I feel the love is made of stone
Wait and feel the stoned in love
Stoned in love
