

Tom McRae, Spite Of Me

Here I stand
My hour at hand
Waitin' for the night
I need to change
Cannot stay the same
I can't keep up this fight

Though I stand here on my own
I know I am not alone
I'm possessed by spirits
Forces you can't see
Tonight they walk inside of me
Inside of me
Oh yeah
Inside of me

The man I see cannot be me
My mirror must have cracked
A thousand lines cannot mark the time
You know you can't get back

Though I stand here on my own
I know I am not alone
I'm possessed by spirits
Forces you can't see
Tonight they walk inside of me
Inside of me
Oh yeah
Inside of me

Inside of me
O yeah
Inside of me
Inside of me
Inside of me
In spite of me
Inside of me
Inside of me
