

Tom Morello, Let's Get The Party Started (ft. Bring Me The Horizon)

f I've heard it once I've heard it a thousand fucking times
The voices in my head keep telling me "I'm doing fine!"
I say it with a straight face that it's just another line
But it's more than that
Coz there's no way back

Here I go I'm tripping where have I been
I got a feelin' like I'm slipping
I'm on my knees
Just wanna run, will I ever, ever be free
It's now or never
It's time to sink or swim!
