

Tom Petty And The Heartbreakers, Come On Down

Come on down to my house
Come on down to my house
I'll bet your ass you have a real good time
Come on down to my house

Well bring your baby sister
Bring your baby sister
It's ages since I kissed her
Come on down to my house

Bring your baby sister

Bring your baby sister
Ooh how I missed her
Come on down to my house

Come on down to my house
Come on down to my house
Come on down to my house

Baby come on down to my house
Come on down to my house
Come on down to my house
