

# Tom Petty And The Heartbreakers, Psychotic Reaction

Well I feel depressed I feel so bad  
Cause you're the best girl that I've ever had

Now I can't get your love I can't get satisfaction  
I only get a psychotic reaction  
Sounds like this:

Well I feel so lonely night and day  
If I can't get your loving I must stay away  
Yeah I need you girl by my side  
But how the hell, girls call howie for a ride now

No I can't get your love I can't get satisfaction  
I only get a psychotic reaction  
It sounds like this:

Well I feel depressed I feel so bad  
Cause you're the best girl that I've ever had

Now I can't get your love I can't get satisfaction  
I only get a psychotic reaction
