

# Tom Petty And The Heartbreakers, Straight Into D

(Tom Petty)

There was a little girl, I used to know her  
I still think about her, time to time  
There was a moment when I really loved her  
Then one day the feeling just died

(Chorus)  
We went staight into darkness  
Out over the line  
Yeah staight into darkness  
Staight into night

I remember flying out to London  
I remember the feeling at the time  
Out the window of the 747  
Man there was nothin', only black sky

(Chorus)

Oh give it up to me I need it  
Girl, I know a good thing when I see it  
Baby wrong or right I mean it  
I don't believe the thrill is all gone  
Real love is a man's salvation  
The week ones fall the strong carry on

Straight into darkness  
Out over the line  
Yeah staight into darkness  
Staight into night
